**AMENDMENTS TO THE SPECIFICATION**

Please add the following Abstract at the end of the specification:

**ABSTRACT**

An elongated lighting system that is modular, being of discreet length having a plurality of LEDs on an elongated support. The system has LEDs connected to a pair of electrical conductors having a length equal to, or less than the discrete length of the elongated lighting system. The elongated lighting system is molded and embedded into transparent, opaque, semi-transparent, or mixed transparent and opaque plastic module connected to an electrical source.
